AUDIT TYPE:

Announced Audit

AUDIT EXECUTIVE SUMMARY:

Packaging audit for artichoke conventional cultivation, located in the town of Santo Tomas, Ensenada, BC; product is received from a local farmer (Agricola DH& G); It is received in plastic boxes, it is washed with sprays with reused water with free chlorine as a disinfectant (50-100 ppm pH 6.4-7.2)/PCC/product washing; then it is passed to the selection line where it is classified by size and quality (export). It is placed in a cardboard box and the artichoke is labeled individually, it is weighed, the box is labeled with a traceability code and sent to the cold room area to be put on hold and sent for sale; During the audit, 15 workers were observed carrying out product washing, selection and packaging activities. A physical inspection of the installation and review of the documents related to the safety of the crop was carried out; packaged product destined for the United States.
